

DIAPSON TRACK

design Luce Lab

Proiettore da binario, orientabile in modo indipendente, disponibile in acciaio lucido e cromo o nella finitura bianco opaco. Cablato per lampada alogena QR111 o PROLEDspot 111 (by Osram), alimentatore incluso. Diapson Trak viene fornito completo di adattatore Eurostandard. Ideale per una varietà di soluzioni illuminotecniche per un'illuminazione concentrata e d'accento grazie ai fasci di luce direzionali e ai diversi gradi di apertura disponibili.

Track projector, independently adjustable, available in polished stainless steel and chrome or white painted finish. Wired for QR111 halogen or PROLEDspot 111 (by Osram), power supply included. Diapson Track is supplied with Eurostandard adapter. Suitable for a variety of concentrated and accent lighting solutions thanks to the directional light beams and the different opening angles available.
